Kate/Jan - attached is the approval letter to FMC on changes to the slag pit sump post closure plan we discussed on August 27th with Dennis that I hope you can sign today. I have provided the concurrence page, with Andy's signature to Jan. Attached (Tribal Letter.pdf) is a letter Jonathan just received a copy of from the Tribes to Mathy Stanislaus requesting again, consultation on use of the slag. The earlier tribal letter to Jonathan and Jonathan's approval of the grading work are also attached. FMC expressed interest in having a signed copy of the modifications to the slag pit sump today. I will be here until 6 pm today if you have any questions for me.

You all appear to have been left off the e-mail address list.

Kelly Wright's e-mail has two attachments. I have added EPA's response of September 3, 2014 to the SB Tribes LUPC letter of August 12, 2014.

Mr. Stanislaus and et al,

Please find attached an electronic copy of a letter from the Shoshone Bannock Tribes. It is apparent that EPA does not understand a Tribal request for Government to Government consultant. I have asked to provide a copy of the original request so you can see what was requested and why.

If you have any questions or comments, please let me know.

Kelly C. Wright

Environmental Waste Management Program Manager Shoshone Bannock Tribes
